

2020 IEEE INTERNATIONAL WORKSHOP ON

METROLOGY FOR AGRICULTURE AND FORESTRY

04-06 NOVEMBER 2020

CALL for PAPERS

MetroAgriFor intends to create an active and stimulating forum where academics, researchers and industry experts in the field of measurement and data processing techniques for Agriculture, Forestry and Food can meet and share new advances and research results. Attention is paid, but not limited to, new technologies for agriculture and forestry environment monitoring, food quality monitoring, metrology-assisted production in agriculture, forestry and food industries, sensors and associated signal conditioning for agriculture and forestry, calibration methods for electronic test and measurement for environmental and food applications.

WORKSHOP TOPICS

- Sensor networking and integration
- Approaches and tools for measuring Food Quality
- Soil analysis, mapping and monitoring
- Crop analysis, mapping and monitoring
- Precision agriculture, forestry and livestock farming
- Measurements for agriculture, forestry and environment
- Agroclimatic measurements

Accepted papers will be published in the proceedings of the Workshop and the proceedings will be submitted for indexing in the **IEEE Xplore Digital Library**.

IEEE content is indexed by Google and has agreements in place with other publishers and services to include IEEE papers in their online and print indexes.

SPECIAL SESSIONS

Special sessions have the main aim of creating a mini-workshop on a specific topic, where researchers working on the same argument can make knowledge, familiarize, exchange ideas, create cooperation. Special Sessions are being developed by designated chairs.

VIRTUAL CONFERENCE

IEEE MetroAgriFor 2020 Organizing Committee is closely following the latest developments about the COVID-19 sanitary emergency. *Please know that our thoughts are with those affected by COVID-19.*

The health and well-being of our speakers, invited participants, and the seminary community is our first priority. With the continuously changing travel restrictions due to COVID-19, MetroAgriFor 2020 will be held online.

The online platform will be a virtual environment where the attendees can present the paper and can participate in all sessions and activities.

All MetroAgriFor plenary and technical sessions will be held remotely via Microsoft Teams. Pre-recorded presentations will be available on-demand to all registered attendees.
